Issue No. 13 – November 2007

From Susan . . .

Hi and isn't it great to know that our Spring Racing Carnival is going ahead only I guess as it is on the 1st December we should call it our Summer Racing Carnival. No matter what we know we will all want to buy that special outfit to have our day out at the Races. We have had new shipments of shoes and bags during the last few weeks. So make sure you bring your dress in and let Sue, Jenny or Rachel complete your outfit with a pair of fabulous shoes, a great handbag and of course that special piece of jewellery from our specially selected range that is not available elsewhere.

Make sure you take part in the Christmas Promotion which started on Monday the 5th November, 2007 where you get the chance to **WIN A CAR** on Christmas. Just buy anything you wish in our shop and get a ticket in the draw. You will receive a ticket each time you shop from now until Christmas Eve when the car will be drawn. Your name will also go in the draw for a weekly prize of a gift voucher. So don't forget to ask the girls to put your name in the draw with any purchase you make during that time.

Guess Handbags: Taking the Guesswork Out Of Fashion . . .

Once upon a time, in the land of fashion trends and fads GUESS was the lofty king, queen, and fair-haired princes. Young girls everywhere were eating brussel sprouts, cleaning their rooms, and giving up their weekly lunch money to own a pair of GUESS jeans. The rest of the clothing line was every bit as amazing and in demand.

The GUESS clothing company was founded in 1981 by French brothers, the Marcianos in sunny California. Although it originally began with a pair of jeans, GUESS now carries handbags, fragrances, accessories, and more. You can be in style at all times, from head to toe. GUESS is one of the fashion brands that easily crosses gender and generational boundaries. This is not a just a label for teeny-boppers; anyone in the family can be stylish, except for the pets.

Guess Which Handbag Is The Best?

GUESS handbags are very popular for their high quality and fresh, innovative styles and designs. You can find a purse for any occasion, any facet of your busy life. And you know you are getting a product made from the best materials and fabrics that will last for a very long time. Your GUESS handbag sets itself, and you apart from most of the fashion crowd. From any crowd.

Want to really stand out? Try out one of the wallets or handbags from GUESS collection Feline. Spice up your closet and outfit with some animal prowess. The Flora and Scarlet collections can also add a splash of color to your wardrobe and easily dress up any neutral shade. This is good news to those of you who have more black and gray in your closet than half a dozen nuns.

Maybe you want a GUESS handbag that is more demure and business compatible. You might

Bondfields Shoes, 134 Molesworth Street, Lismore NSW 2480.

P – 02 6621 5272 E – info@bondfields-shoes.com

want to browse through the Venus and Olympia collections. There are classy, sophisticated styles and patterns to wow anyone in your office. And you will quickly see how easy it is to pair suits, pants suits, and even dresses with these beautiful purses.

One of the best qualities of these handbags and wallets are their versatility. You can dress them up or down; they compliment almost any outfit. And you are not going to pay an arm and a leg, so you can grab two or even three bags to corner the market on your ensembles at home.

Check out a few of the many gorgeous GUESS bags Bondfields Shoes has available in-store now:

Basic Bag Fashion This Month . . .

We have a great range of basic bags. Over the past several years basic bags have gone from being all leather and of traditional designs to anything goes.

One of the most popular basic bags has become the slouch bag that is medium to large and big enough to put many things in.

Bigger bags have certainly become more fashionable over the last few years and synthetics have improved so much that you can hardly tell the difference between that and real leather these days. With more synthetic bags in the market place we have seen the ability of manufacturers to play with colours and patterns.

So now as well as having our safe bags that we can carry at all times we can play with colour and accessorize our outfits for as little or as much as we want to pay.

Watch our newsletter for what is happening with new brands and an extension of our ranges in the New Year.

Until next month, we wish you the best that life can bring . . .
Happiness & Health to you this November!

Susan and the Bondfields Team 😊
